**RESPONSE TO NEVADA SITE SPECIFIC ADVISORY BOARD (NSSAB)
RECOMMENDATION ON DRAFT SOILS PROJECT RISK-BASED CORRECTIVE
ACTION EVALUATION PROCESS**

I would like to thank the NSSAB for taking the time to review the draft Soils Project Risk-Based Corrective Action Evaluation Process document. The Nevada Site Office Environmental Management Operations Activity appreciates the support of the NSSAB in this project and the efforts made by the Board to review the document. The Board concurred with and supported with the concept of the Risk-Based Corrective Evaluation Process. The Soils Project Risk-Based Corrective Action Evaluation Process document has been finalized and concurred on by the Nevada Division of Environmental Protection. As always, the NSSAB's input is valued and your efforts are greatly appreciated.

Please direct comments and questions to Kelly Snyder at (702) 295-2836.
